Target version:				

Description

As requested in another issue, a highlight where a selected region is going to be moved/copied to would be welcome.
To separate the actual regions from the targets, a different color should be chosen (maybe also a different fill type).

Associated revisions

Revision 92:a656775abcf3 - 12/07/2009 02:15 AM - Andreas Schneider

- Added highlighting of the target region for copy/move operations in frmLargeScaleCommand (fixes #40)
